Letter from the President

Greetings Friends,

Happy 125th Birthday to the Wichita Children's Home!

As we celebrate our milestone anniversary for serving the Wichita community, we know that the Children's Home would not be where it is today without our donors, volunteers, and dedicated employees. Some of your families started their support for us many years ago, and you have carried on. Others have joined us along the way. We thank you for your many acts of kindness over the years which provided care to thousands of children and youth in crisis. You have given them a safety zone, good meals, a clean room, counseling, education and a plan for the future. Your commitment is more important than ever due to ongoing reports of abuse and neglect in the Wichita community.

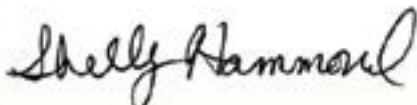

During the past year, we watched the Children's Home take steps toward positioning itself for the next 125 years through the kickoff of our "Make it Better" capital campaign. The campaign involves building a new emergency care facility, a new transitional living apartment building, and a multipurpose center. The campaign also includes funding to support programs, so we are better able to sustain our services through funding fluctuations.

Some of our other milestones from last year include:

- The award of Street Outreach Services, CrossRoads, and the Transitional Living grants. This funding allows the Children's Home to continue to support the Safe Place Program, provide a program to families of youth who runaway from home, and to offer supervised apartment living for our 16 to 22 year olds, including some who are parents, to help them reach self-sufficiency.
- The award of targeted case management grant for teen moms to help them have a healthy baby, learn to care for the baby, and not have a second baby until mom has completed high school or a vocational certificate.
- Continued work with the Wichita Child Abuse Prevention Team to provide prevention and early intervention services to families to reduce the incidence of child abuse.
- Continued to evolve services the Children's Home provides to victims of human trafficking by partnering with the WSU Center to Combat Human Trafficking recently established under the direction of Dr. Karen Countryman Roswurm.

Over the last 125 years, our Board has worked tirelessly to meet the needs of children in crisis in this community. As we look toward our next year, we are thrilled that we will be able to enhance our services to provide the healing environment that these children and young adults deserve. All of them need nurturing to reduce their trauma, and the older youth need guidance to develop the skills to become self sufficient and good parents.

Thank you for your kindness and generosity that has helped heal wounds, mend broken hearts, and build the dreams of children and families caught in crisis.

Shelly Hammond

Family Foster Care

Youth placed in WCH foster home	529
Youth placed with foster care homes operated by other agencies	119
New foster families licensed	1
Foster families transferred from other agency	2

For Heather Smith, her husband and five daughters, foster care is a family calling. Her children enjoy having different kids in their home, and usually ask to go with their parents to pick up new foster children. They feel so good about giving back, they have remarked on their design to become foster parents when they grow up.

Our Mission

To assure the safety and well-being of children and to create healthy families by providing:

- ★ Assessment and intervention services
- ★ A temporary home for children at risk of abuse, neglect or homelessness
- ★ Education, prevention and advocacy initiatives

THANK YOU,

**On behalf of the thousands of children we
have cared for over the last 125 years.**
